sunilsihag30260804@gmail.com

Seeking an internship opportunity to apply my skills, learn new technologies, and gain hands-on industry experience in software development

EXPERIENCE

(No professional experience yet)

Actively building real-world projects and participating in hackathons to gain practical exposure and improve development skills.

EDUCATION

Marwadi University, Rajkot — *B.Tech*

2023 - 2027 (Currently pursuing, 3rd year)

PROJECTS

CustomWear (Startup) — Website

Tech: HTML, CSS, JS, Node.js, Express.js, SQL, Fabric.js, Razorpay, Google Auth, Auth0

Built a complete custom T-shirt designing platform where users can create personalized designs and place orders.

PubMed Web Scraper — Data Analysis Tool

Tech: Python, BeautifulSoup4

Created a Python-based web scraper to extract research data from PubMed. Processed and organized the data for research workflows.

Jarvis 2.0 — Voice Assistant

Tech: Python, SpeechRecognition, pyttsx3

A voice-controlled AI assistant capable of interacting with users, speaking responses, reading Wikipedia content, and performing system actions.

Unity Games (Car Racing, Endless Runner & others)

Tech: Unity, C#, Visual Scripting
Developed multiple interactive games demonstrating gameplay mechanics, physics, UI elements, and overall game architecture.

SKILLS

Programming: Python, C, Java, JavaScript
Web Development: HTML, CSS, Node.js, Express.js, SQL, MongoDB
Tools & Libraries: Git, Fabric.js, BeautifulSoup4
Game Development: Unity Engine, C#, Visual Scripting
Others: IoT, Arduino, API integration, Payment gateways (Razorpay)

CERTIFICATIONS

Full Stack Development – Shree Academy
C Language Certification
Java Certification

Achievements

RMC 2024 – IEEE IISC Bengaluru

Hackduino – 1st Runner-Up

HTM (Hack the Mountain) Hackathon – 1st Runner-Up

LANGUAGES

English, Hindi
